JOIN US FOR THE TITLE V NEEDS ASSESSMENT SUMMARY REPORT

Every five years, the Maternal, Child, and Adolescent Health (MCAH) program conducts a Community Title V Needs Assessment to improve health outcomes of the county's reproductive-age women, infants, children, adolescents and their families.

Over the last nine months, you have helped us prioritize the needs of the community in our regional Title V Needs Assessment meetings. **Please join us** as we share preliminary findings and share next steps for incorporating what we learned into how we serve our community.

Meeting Details

Date:
June 13

**Online through
Zoom**

Time:
2 - 4 p.m.
