

# Nutrition Pantry Program (NPP)

A program provided by the Department of Public Health Nutrition and Wellness Services to support pantries and help create client centered food distribution.

## Why join?

- Technical assistance and training
- Collaborative network
- Optional certification
- Public recognition
- Access to best practices from around the country

## What does it cover?

## How does it work?

### Plan

Collect and use information about your pantry to create a client centered workplan

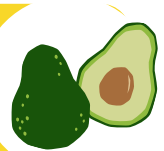

### Implement

Make specific changes to your pantry with help from NPP staff\*

### Certify & Connect

Optional pathway for certification at 3 different levels
