Public health agencies team up to hit a ‘Home Run for Health’

It’s going to be a banner night for public health when two of the largest Southern California counties’ baseball and Public Health teams face off on the field and hit a “Home Run for Health” at San Manuel Stadium in San Bernardino on August 10.

San Bernardino County Department of Public Health, Riverside County Public Health, and the California Health Collaborative have all joined the effort to spread a message of good health by offering FREE admission to the public when the Inland Empire 66ers host the Lake Elsinore Storm August 10 at the 66ers’ San Manuel Stadium, located at 280 South E St. in San Bernardino.

“The best thing about this event will be all the health information that will be made available to fans. Our staff will be there to showcase our programs and the great services and resources we provide to residents every day,” said Trudy Raymundo, Director of San Bernardino County Department of Public Health.

Fans are invited to visit the locations below to pick up their vouchers. One voucher can be redeemed for four (4) tickets (limit 2 vouchers/8 tickets).
