A. DEFINITIONS

A.1 Animal Care (AC) – The program within the Department of Public Health responsible to protect and serve the public and pets by enforcing all laws and ordinances pertaining to the care and control of all animals domestic and wild within its service areas.

A.2 Contract – The legal agreement between the County and the Contractor.

A.3 Department of Public Health (DPH) – The department created in 1931 to prevent epidemics and the spread of disease, protect against environmental hazards, prevent injuries, promote and encourage healthy behaviors, respond to disasters and assist communities in recovery, and assure the quality and accessibility of health services throughout the county.

A.4 Ear Notching – A method used to identify animals individually from a distance. It involves making notches in the ear's edge to create a unique pattern that remains with the animal throughout its lifetime, performed for identification while under sedation.

A.5 Humane Wild Burro Population Management Program (HWBPMP) – A program with the goal of reaching a balance of burros remaining in the wild to ensure the health and safety of the remaining burros, while also ensuring the health and safety of the local community and those who frequently commute through the Reche Canyon and San Timoteo Canyon areas. The program also incorporates collaboration with the Contractor in evaluating long-term solutions to burro population management.

A.6 Freeze Brand Marking – A technique for permanently marking animals by applying extreme cold to the skin with a cryogenically cooled branding iron. This process destroys pigment-producing cells in the hair follicles, causing the hair to regrow white and creating a high-contrast mark, performed for identification while under sedation.

A.7 Services – The required responsibilities carried out by the Contractor, in collaboration with the County AC.

B. CONTRACTOR RESPONSIBILITIES

B.1 Contractor will obtain a California State licensed veterinarian, with SoCal Equine Hospital and/or other California State licensed veterinarians to perform castration and/or vasectomy procedures to male wild burros to manage population growth, reduce the population size over time and create a safer environment for the public in the Reche Canyon and San Timoteo Canyon area of San Bernardino County.

B.2 As Phase 4 of the Humane Wild Burro Population Management Program (HWBPMP), Contractor will ensure 100 male burros are sterilized during the one-year period. Surgery cost per burro is $400, including antibiotics and tetanus. Procedures are performed in the field under the supervision of Dr. Wan or a licensed equine veterinarian from Socal Equine Hospital.

B.3 Contractor will provide a freeze brand marking or "ear notching", performed for identification while under sedation, to each burro sterilized and photograph each sterilized burro to allow for future identification of the animals who have received the sterilization procedures. The method of identification will be the preferred method recommended and supported by the veterinarian who will be performing the sterilization procedures.

B.4 Contractor will use capture procedures to safely contain the burros in portable panels in areas away from roadways and high traffic areas for minimal stress to the animals, with permission by any owners of property utilized, to perform the respective sterilization, identification marking and recovery procedures. Prior to release, each burro will be evaluated and some burros may need overnight observation prior to release back into the wild. Overnight recovery areas will have food, water, and be continually monitored by DonkeyLand, with no burro ever left unattended.

Castration and/or vasectomy procedures are to be performed in the field and each burro is to be returned back to the wild unless the veterinarian deems a burro unfit due to old age or requiring ongoing medical care or treatment. In these cases, the burros deemed unfit and transported to DonkeyLand may be castrated in the field prior to transport or at the sanctuary where they will be a permanent resident for life.

B.5 Contractor will be fully responsible, financially and otherwise, to provide all required veterinary medical care to any burro who may experience complications pre or post operatively or to those burros who may sustain injury while in the care of the Contractor.

B.6 Contractor is solely liable and responsible for all personnel, volunteers, subcontractors, veterinarians or other individuals that Contractor elects to assist with and participate in the HWBPMP outlined herein.

B.7 Contractor manages a 2,000-acre wild burro rescue, sanctuary and wildlife preserve located in the Reche Canyon region of Riverside and San Bernardino Counties where these services may be provided. DonkeyLand property is a central location that may be used to perform services and release burros back into the wild after completion. This Contract permits funds to be used for sterilizing burros rounded-up from County jurisdiction and transported to the sanctuary where they become permanent residents of DonkeyLand for life.

B.8 Contractor will provide and be financially responsible for all equipment, portable panels, corrals, water buckets, storage containers, medications and other resources required to complete the HWBPMP.

B.9 Contractor will develop a summary report confirming the total number of burros sterilized during the HWBPMP and outline any notable activities or events that were experienced during the program. The summary report will include receipts for expenses incurred during the program, including veterinary and medical care costs.

G. INDEMNIFICATION AND INSURANCE REQUIREMENTS

G.1 Indemnification

The Contractor agrees to indemnify, defend (with counsel reasonably approved by County) and hold harmless the County and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages and/or liability arising out of this Contract from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnities. The Contractor indemnification obligation applies to the County's "active" as well as "passive" negligence but does not apply to the County's "sole negligence" or "willful misconduct" within the meaning of Civil Code section 2782.

G.2 Additional Insured

All policies, except for Worker's Compensation, Errors and Omissions and Professional Liability policies shall contain additional endorsements naming the County and its officers, employees, agents and volunteers as additional named insured with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

G.3 Waiver of Subrogation Rights

The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and Contractor's employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.

G.4 Policies Primary and Non-Contributory

All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.

G.5 Severability of Interests

The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

G.6 Proof of Coverage

The Contractor shall furnish Certificates of Insurance to the County Department administering the Contract evidencing the insurance coverage at the time the Contract is executed, additional endorsements, as required shall be provided prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the Department, and Contractor shall maintain such insurance from the time Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this Contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.

G.7 Acceptability of Insurance Carrier

Unless otherwise approved by the County Department of Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A- VII".

G.8 Deductibles and Self-Insured Retention

Any and all deductibles or self-insured retentions in excess of $10,000 shall be declared to and approved by Risk Management.

G.9 Failure to Procure Coverage

In the event that any policy of insurance required under this Contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the Contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.

G.10 Insurance Review

Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

G.11 The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that

coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so.

Without in anyway affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the Contract term the following types of insurance with limits as shown:

G.11.1 Workers' Compensation/Employer's Liability – A program of Workers' Compensation insurance or a state-approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer's Liability with $250,000 limits covering all persons including volunteers providing services on behalf of the Contractor and all risks to such persons under this Contract.

If Contractor has no employees, it may certify or warrant to the County that it does not currently have any employees or individuals who are defined as "employees" under the Labor Code and the requirement for Workers' Compensation coverage will be waived by the County's Director of Risk Management.

With respect to Contractors that are non-profit corporations organized under California or Federal law, volunteers for such entities are required to be covered by Workers' Compensation insurance.

G.11.2 Commercial/General Liability Insurance – The Contractor shall carry General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a combined single limit of not less than one million dollars ($1,000,000), per occurrence. The policy coverage shall include:

a. Premises operations and mobile equipment.
b. Products and completed operations.
c. Broad form property damage (including completed operations).
d. Explosion, collapse and underground hazards.
e. Personal injury.
f. Contractual liability.
g. $2,000,000 general aggregate limit.

G.11.3 Automobile Liability Insurance – Primary insurance coverage shall be written on ISO Business Auto coverage form for all owned, hired and non-owned automobiles or symbol 1 (any auto). The policy shall have a combined single limit of not less than one million dollars ($1,000,000) for bodily injury and property damage, per occurrence.

If the Contractor is transporting one or more non-employee passengers in performance of contract services, the automobile liability policy shall have a combined single limit of two million dollars ($2,000,000) for bodily injury and property damage per occurrence.

If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

G.11.4 Umbrella Liability Insurance – An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a "dropdown" provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

H. RIGHT TO MONITOR AND AUDIT

H.1 The County, State and Federal government shall have absolute right to review and audit all records, books, papers, documents, corporate minutes, and other pertinent items as requested, and shall have absolute right to monitor the performance of Contractor in the delivery of services provided under this Contract. Contractor shall give full cooperation, in any auditing or monitoring conducted. Contractor shall cooperate with the County in the implementation, monitoring, and evaluation of this Contract and comply with any and all reporting requirements established by the County.

H.2 All records pertaining to services delivered and all fiscal, statistical and management books and records shall be available for examination and audit by County representatives for a period of three (3) years after final payment under this Contract or until all pending County, State and Federal audits are completed, whichever is later.

I. CORRECTION OF PERFORMANCE DEFICIENCIES

I.1 Failure by Contractor to comply with any of the provisions, covenants, requirements or conditions of this Contract shall be a material breach of this Contract.

I.2 In the event of a non-cured breach, County may, at its sole discretion and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:

a. Afford Contractor thereafter a time period within which to cure the breach, which period shall be established at the sole discretion of County; and/or
b. Discontinue reimbursement to Contractor for and during the period in which Contractor is in breach, which reimbursement shall not be entitled to later recovery; and/or
c. Withhold funds pending duration of the breach; and/or
d. Offset against any monies billed by Contractor but yet unpaid by County those monies disallowed pursuant to Item “b” of this paragraph; and/or
e. Terminate this Contract immediately and be relieved of the payment of any consideration to Contractor. In the event of such termination, the County may proceed with the work in any manner deemed proper by the County.
